

INSTITUTE OF ROLLING STOCK ENGINEERS

RWF Chapter

Yelahanka, Bangalore

Rail Wheel Factory (RWF) is completing 25 years of service to the nation. In this background Institute of Rolling Stock Engineers, RWF Chapter is organizing an International Seminar on “**Wheel design and manufacture for Higher Life and Safety**”. The Seminar will be held on 6th and 7th of October, 2009 at the J.N.Tata Auditorium in the premises of the Indian Institute of Sciences, Bangalore.

Noted speakers from India and abroad will be presenting their papers in the Seminar. RWF has already written to the CMEs of Zonal Railways and Production Units to nominate delegates to participate in the Seminar. Railway Board vide their letter No.2009/M/PU/1/24 dated 14.09.09 have also approved RWF’s proposal to invite CMEs from all Zonal Railways and Production Units along with three other officers which may include one SAG officer for taking part in the Seminar. The delegate fee will be Rs.3500/- per head. All the Zonal Railways and Production Units are therefore requested to take necessary action to nominate the delegates and advise the nominations to
