RITES Ltd,  
Rail Land Development Authority (RLDA),

**Sub: Regarding Extension of Railnet in various Railway Undertakings/  
RLDA/ CRIS etc.**

\*\*\*\*\*

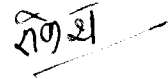

Railnet is the Enterprise Wide Area Network of Railways. The network spans the Zonal Railways, Production Units, RDSO & RSC/BRC. A lot of useful information is maintained by Railways on Railnet and Railways' Undertakings/ RLDA/ CRIS etc. also need to access these information. Further, a lot of information flow takes place between IR and its PSUs.

2. It has therefore been decided that making Railnet available to Railway Undertakings would be beneficial for Railways and its Undertakings/ RLDA/ CRIS etc.

3. The following has therefore been decided:

- (a) Railnet access shall be allowed to all Railways' PSUs/ RLDA/ CRIS etc.
- (b) RCIL shall be the Nodal Agency for extending this connectivity.
- (c) RCIL should take permission from Telecom Directorate before making the connectivity. IP addresses for the same shall be provided by Board.
- (d) All expenditure required for making through this connectivity shall be borne by the respective Railway Undertakings/ RLDA/ CRIS etc.

4. Please acknowledge receipt.
